Windows 11 Education version 23H2

Windows 11 Education builds on Windows 11 Enterprise and provides enterprise-grade manageability and security for schools. Windows 11 Education is effectively a variant of Windows 11 Enterprise that provides education-specific default settings. Not all devices running Windows 10 are eligible to receive a Windows 11 upgrade. See the Windows 11 device specifications (<https://www.microsoft.com/windows/windows-11-specifications>) for upgrade requirements and supported features. Certain features require additional hardware. **WARNING:** Installing Windows 11 media on a PC that does not meet the Windows 11 minimum system requirements is not recommended and may result in compatibility issues. If you proceed with installing Windows 11 on a PC that does not meet the requirements, that PC will no longer be supported and won't be entitled to receive updates. Damages to the PC due to lack of compatibility aren't covered under the manufacturer warranty.

Visio Professional 2021

Microsoft Visio Professional 2021 makes it easier than ever for individuals and teams to create and share professional, versatile diagrams that simplify complex information. It includes all of the functionality of Visio Standard 2021 as well as updated shapes, templates, and styles; enhanced support for team collaboration, including the ability for several people to work on a single diagram at the same time; and the ability to link diagrams to data instantly. Visio Professional 2021 also helps prevent information leakage by enabling Information Rights Management.
